Suffixes for the FAG Truck Hub Unit (THU) 805003

Manufacturer: FAG
Part Nos.: 805003A.H195
805003CA.H195

Image 1: Truck hub unit 805003A.H195

FAG bearing descriptions comprise a basic identifier plus suffixes. The basic identifier for the components listed opposite is **805003**. The suffix **A** indicates an addition or amendment to the basic identifier.

Suffixes may denote design features such as a modified seal or an optimized rolling element cage.

For example, one version is specially designed to differ from the basic **805003** component by means of a seal customised for a specific application in a specified vehicle.

Example 1:

FAG **805003A.H195** is designed without a central seal and is suitable for the following manufacturers:

- Gigant D series and G series
- Mercedes Actros MP2
- Mercedes with DCA, NLS and NR5 axles
- Schmitz Cargobull SPR, SCS, SKO

Example 2:

FAG **805003CA.H195** is designed with a central seal and is suitable for the following manufacturers:

- MAN TGL and TGM

Appropriate spare parts can be found in our on-line catalogue at www.Schaeffler-Aftermarket.com or in RepXpert at www.RepXpert.com.
