

SERVICE INFO

Suffixes for the FAG Truck Hub Unit (THU) 805092

Manufacturer: FAG

Part Nos.: FAG 805092C
FAG 805092E

Image 1: Truck hub unit (THU) 805092C

FAG bearing descriptions comprise a basic identifier plus suffixes. The basic identifier for the components listed opposite is **805092**. The suffix **C** indicates an addition or amendment to the basic identifier.

Suffixes may denote design features such as a modified seal or an optimized rolling element cage.

For example, one version is specially designed to differ from the basic **805092** component by means of a different form of lubrication and type of seal.

Example 1:

FAG **805092C** is a grease-lubricated bearing unit with a central seal and outboard rotary shaft seal and is suitable for the following manufacturers:

- Iveco Europolis
- MAN TGL and TGM
- Volvo FL6

Example 2:

FAG **805092E** is an oil-lubricated bearing unit without a central seal or outboard rotary shaft seal and is suitable for the following manufacturers:

- MAN TGM

*Appropriate spare parts can be found in our on-line catalogue at **www.Schaeffler-Aftermarket.com** or in RepXpert at **www.RepXpert.com**.*
