

## SI2020-003

### **Regarding difference between 8DB 355 023-151 (T2444) / 8DB 355 023-161 (T2498) / 8DB 355 010-581 (T1376)**

We would like to inform you about the difference between the pad sets 8DB 355 023-151, 8DB 355 023-161 and 8DB 355 010-581 (T1376).

For some models VAG-Group uses brake pads with slightly different widths of the backing plate. This is a result of multiple years of development of the brake manufacturer and shall ensure an optimal operation of the brake pads.

Hella Pagid follows this approach and added corresponding pad sets to the range.

Due to this reason, the backing plates in pad set 8DB 355 023-151 and 8DB 355 023-161 are all 155,1 mm wide whilst on pad set 8DB 355 010-581 the backing plates are 155,1 resp. 156,3 mm wide.

Exact allocation is based on PR-numbers of VAG. You will find this information in the service booklet of your vehicle.
